Musical.ly App Warning to Parents

We have been made aware that an app called Musical.ly, which we believe is used by a number of Gisburn Road children, has been misused by adults 'attempting to make inappropriate contact with children'. Please be vigilant and make your children aware of how to be safe online - there are lots of resources available on the Gisburn Road School website. Thank you.

We would like to remind parents of the school's code of conduct - there have been some reports of bad language from parents on the yards. Please be aware that offensive language should not be used in the school grounds, as this can be heard by the children. Thank you for your cooperation and support.
