CLIMBING – YEAR 5

A big well done to the 10 children who were lucky enough to use the climbing wall at Pendle Vale College on Wednesday afternoon. The instructors from Pendle Vale said they were on of the most determined groups they have ever had. Great work Year 5 ☺

HEADLICE

Please ensure you check your child's hair on a regular basis and the rest of the household too. If you find evidence of nits (eggs) or lice (walkers), all the family will need to be treated at the same time. A second treatment is usually recommended after 3 days to kill any lice that survived the first treatment.

A good preventative measure is the regular use of a fine toothed comb which breaks the legs of any visiting lice and prevents them from laying eggs! It can also clear out unseen eggs (nits). Please be vigilant as nits are usually not visible to the naked eye until they are a month old.

HAIR MUST BE TIED UP, BACK OR PLAITED at all times. Lice cannot jump but they can walk from one head of hair to another. There's no stigma attached, lice prefer clean hair. With your help we can beat the problem! Thank you.

AFTER SCHOOL CLUB

There will be no after school club on Tues 19th May due to staff training.
