Habitat in a Shoebox Project.

Dear Parents and Carers,

To celebrate Sir David Attenborough's 100th birthday on **Friday 8th May**, we are delighted to announce a whole-school competition: "**Habitat in a Shoebox!**"

We are inviting all children to create their own miniature habitat inside a shoebox. This could be any environment they are interested in, such as a rainforest, ocean, desert, woodland, or even a polar landscape. Children are encouraged to be as creative as possible, using a variety of materials to bring their habitat to life and to include animals and plants that live there. Below are some ideas for inspiration.

There will be a prize awarded for the most imaginative and well-presented habitat.

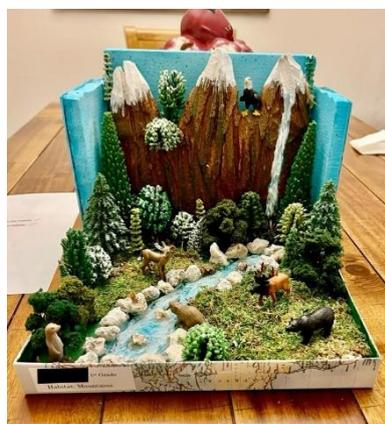

Please ensure that all entries are returned to school by **Friday 1st May**, so that they can be judged in time for our special **David Attenborough Day on Friday 8th May**.

We hope this activity will inspire curiosity about the natural world and encourage creativity. We look forward to seeing the wonderful habitats the children create!

Thank you for your continued support.

Yours sincerely,
Mrs Brown

Year 2 Class Teacher
